VENUE: World Trade Center, Dubai.

A time-consuming process using a lot of different tools such as Masking tape, Oracal, and threads as guides to achieve these perfectly aligned lines, His collection was presented by Shamuzzi Gallery at world Art Dubai, which took place in World Trade Center on April 2021.

The work is done using spray paint on Canvas, with a clear vision for his work Ilya presented the collection in a whole different perspective.

Each art piece has a meaning to express directly from the artist.

The Name Dominant. Work on the topic World in my hand. Interpreted the theme literally-the world is in my hand, if you can afford it means that you have a certain level of dominance.

Visually, this is revealed in the composition through a monumental approach and a large black circle that captures everything around. Slak's work is also inspired by different music/genres electronic music with Dark industrial sound.
